Minority Leader  
U.S. House of Representatives

Dear Congressional Leaders:

We greatly appreciate your leadership in this time of national crisis and thank you for your quick actions to strengthen America's health care infrastructure with desperately needed financial support. The expanded accelerated payment policy for Medicare providers is an extremely helpful approach that allows us to maintain essential medical services for all patients. As you know, our hospitals have canceled tens-of-thousands of elective surgeries and non-emergent patient tests at the government's request to help assure there is adequate hospital capacity during the epidemic. This major shift has put some of America's hospitals on the brink of financial disaster.

The Department of Health and Human Services, Office of Inspector General report released April 6 (Hospital Experiences Responding to the COVID-19 Pandemic: Results of a National Pulse Survey March 23-27, 2020) found that substantial financial assistance is a top priority for all hospitals as we struggle to maintain services to the communities we serve.

**We write to you today respectfully requesting that Congress forgive all accelerated payments that hospitals and other providers receive,** as authorized in Section 3719 of the CARES Act. We ask you to include this policy change in the next COVID-19 relief legislation. While this change may still not provide enough financial support to hospitals, the situation can be re-evaluated as the course of the epidemic becomes more certain.

Unless these loans are forgiven, hospitals will be facing another financial crisis just four months from now as the government begins to withhold Medicare payments for services provided after the pandemic fades and until the loans are repaid. While the \$100 billion provider grant program, designed to provide support to all providers, will be helpful, we believe it will be woefully inadequate to compensate for our mounting losses. Without substantially more financial support, it is nearly certain that many hospitals will be forced to close or significantly reduce health care services over the next several months – and perhaps longer. This would be a tragic consequence, especially if the nation is hit with another round of the viral epidemic later this year.

Thank you for considering this request. We stand ready to work with you in every way to support our men and women on the frontline caring for those with the coronavirus. These heroes need to know that the nation will provide whatever it takes to assure they will have the resources to continue the battle.

Sincerely,
