

Site Neutral Data Legend:

- Off Campus Site Neutral: This field includes all lines that contained the modifier "PO" in either the 1st or 2nd position with the exceptions listed below in Note 1 and 2.
- On Campus Site Neutral: This field includes all lines that did not contain the modifier "PO" or "PN" in either the 1st or 2nd position with the exceptions listed below in Note 1 and 2.
- MedPAC 57 APCs: This field includes all lines that are paid by OPPS on claims for the 57 Ambulatory Payment Classification codes identified by MedPAC as being good candidates for Site Neutral PFS payment with the exceptions listed below in Note 1 and 2.
- Total Medicare Expenditures OPPS: This field represents total Medicare Allowed Payments, including both Medicare program expenditures and patient responsibility co-payments with the no exceptions.
- Note 1: Lines containing a HCPCS J Code (issued by CMS to identify and describe a drug product) were excluded as were HCPCS code 99202 through 99499 (Evaluation and management (E/M) coding and billing are crucial to maintaining the efficiency and productivity of a medical practice today. E&M coding involves use of CPT codes ranging from 99202 to 99499). All claims were removed for lines that had a Status Indicator for not paid under OPPS.
- Note 2: All lines referring to a Status Indicator that is not paid under OPPS are excluded from this analysis.
- Note 3: the MedPAC 57 are 57 Ambulatory Payment Classification (APC) that are identified by the Medicare Payment Advisory Commission (MedPAC) as being highly suitable for performance in a physician's office as opposed to an hospital outpatient department. See Table 6-2. <https://www.medpac.gov/document/june-2022-report-to-the-congress-medicare-and-the-health-care-delivery-system/>
