

Post-Acute Care Tech Collaborative

Membership Application

Join Post-Acute Care Tech Collaborative to educate members of Congress and state elected officials about the value of technology in Post-acute Care. The Post-acute Care Technology Collaborative is a coalition of forward-thinking technology companies dedicated to advocating for innovative solutions in post-acute care. Our mission is to educate members of Congress and state elected officials about the profound impact technology can have on improving care quality, reducing costs, and supporting patients and families during vulnerable times.

Benefits of Membership

We invite you to join a new Coalition for hospitals and others fighting chronic diseases and mental health conditions. Fight4Health will:

1. Demonstrate a commitment to ending chronic diseases and mental health conditions by giving its members multiple opportunities to showcase their activities.
2. Recommend legislative and regulatory changes to facilitate prevention and wellness.
3. Identify how proposed changes would lower the overall cost of health care.
4. Seek changes to government reimbursement programs.
5. Advocate for federal and state policies that align with these goals.

Membership Dues

The annual fee for joining the Post-Acute Care Tech Collaborative is \$12,000.00, to be paid quarterly.

Invoices will be emailed to the primary contact.

A member may withdraw from the Coalition with 30-days written notice.
